## Fiscal Analysis

### ASSUMPTIONS:

1. The Department of Fish, Wildlife and Parks will use existing information to determine game counts. The FWP will not be required to do additional game count surveys.
2. Game count information will annually be placed on the FWP Web site. Any costs will be absorbed within existing budgets.
3. The Department of Fish, Wildlife and Parks will provide the information to the Environmental Quality Council. There are no workload or operational requirements that would affect the cost of the EQC during the upcoming biennium.

### TECHNICAL NOTES:

1. It may be appropriate to amend the bill to clarify exactly the FWP responsibilities in regard to species inventory and status information.
